CEDAR HOLLOW TRAIL CREW: WORK LOG

Saturday, October 17, 2026. Ridge Loop, miles 2.0 to 3.5

Eleven volunteers met at the north trailhead at 8:00 a.m. It was 41°F and clear. One group cleared the switchbacks below the overlook; the other rebuilt drainage dips past the creek crossing.

WORK DONE

- Cleared 14 downed trees; the largest was a 22-inch oak across the trail at mile 2.6.
- Rebuilt 6 drainage dips and cut back brush along ½ mile of switchbacks.
- Replaced the sign at the junction with Café Creek Spur.

TOOLS OUT AND BACK (columns lined up with spaces)

Tool Out Back

Crosscut saw 2 2

Pulaski 6 6

McLeod 4 3

CREW GROUPS (columns separated by tabs)

Group Lead Volunteers

Switchbacks Ana 6

Drainage Theo 5

One McLeod is still missing. If you find it, leave it at the kiosk.

NEXT WORK DAY

Saturday, November 14, 2026, 8:00 a.m., same trailhead. Bring gloves, water and lunch.

SAFETY NOTES FROM THE CREW LEAD

1. Keep at least two tool lengths between people when swinging a Pulaski.

2. Carry saws with the guard on and the teeth pointed down, away from the trail.

3. Stop work when you hear thunder, and wait 30 minutes after the last thunder before starting again.

Questions: write to the crew list or call the volunteer line at 555-0142.
